Protect your apartment or rental house — and your possessions — with renter’s insurance!

Liberty Mutual now offers an auto, home and renter’s insurance program for NYU Alumni.

If you rent your home or apartment, having insurance protection for yourself and your possessions is important because landlord insurance only covers the building structure and not your personal property. Renter’s insurance protects you from fire, theft, water damage, and other unforeseen circumstances not covered by your landlord’s policy.

It even covers accidents that occur while you are at home, such as a frying pan catching fire on the stove, or a guest slipping and falling.

For more information go to www.libertymutual.com/nyualumni and click on “auto and home.” Then link up to the renter’s insurance site by clicking on the “renter’s insurance” header.
